

Artwork Network Showroom Policies

The Artwork Network staff periodically rotates the work in our showroom. As our main service is to provide an online marketing tool for artists, we do not make guarantees that any specific artist or piece will be highlighted. Work will be chosen at the discretion of the Artwork Network Staff and we generally choose pieces that we determine to have a high appeal for our walk-in market. ***We will contact you if there is an opportunity.***

We are open 6 days a week including First and Third Fridays until 9 pm. Please keep in mind that promotion of the showroom is done in a more broad way, rather than promoting a specific artist and we don't hold traditional opening or closing receptions.

Staff considerations:

- Does the work appeal to our walk-in market?
- Does the artist have a new body of work?
- Is the body of work cohesive?
- Is the work wired and ready to hang?
- Have we highlighted this artist's work in the showroom previously?
- Will the work fit with other work scheduled to hang in the showroom?

Business Art Rotation Policies

Our business art rotation program is another great opportunity to get exposure for your work. The artwork is changed out every 90 days and is tagged for sale. We do periodically sell pieces out of these venues, however the frequency of sales varies between location. ***We will contact you when we have rotation opportunities available.***

We currently have a growing list of business rotation venues that include restaurants, coffee shops, spas and salons. The Artwork Network staff decides what work will rotate based on the following criteria:

- Does the work fit with the taste preference of the client?
- Does the work fit in with the décor of the venue?
- Does this artist have a cohesive body of work that is ready to hang? (minimum 10 - up to 20 pieces)
- Can the artist commit to hanging this work for 90 days?
- How often have we rotated this artist's work already?
