

Artist Member Digital Image Sizing Specifications

If you are digital imaging/Photoshop savvy and would like to provide your images ready to load on our site, the specs are as follows. If not, we are happy to do this step for you.

cropped thumbnail images

(this image will live on your main gallery page)

- ❑ size must be 150 pixels by 150 pixels (some cropping may be necessary)
- ❑ image resolution of 72 ppi (pixels per inch)
- ❑ save as: titleofwork150.jpg (ex. sunrise150.jpg)

detail images

(these images will live on the 'image detail' page)

- ❑ size must be 600 pixels on the longest side by any pixel size less than or equal to 600 pixels.
- ❑ image resolution of 72 ppi (pixels per inch)
- ❑ save as: titleofwork600.jpg (ex. sunrise600.jpg)
To maintain consistency within our site, please do not 'write' any image details directly onto the digital images per inch.

- ❑ full image - required (no mat or frame)
- ❑ optional:
image showing mat and/or frame
installation image – shown in context of a room or piece of furniture to illustrate scale.

headshot image of yourself

- ❑ size must be 100 pixels by 100 pixels
- ❑ image resolution of 72 ppi (pixels per inch)
- ❑ save as: yourname100.jpg
ex. johnsmith100.jpg

*note: your head shot will live on the contact page instead of the about page. The image on the about page is an image of your work as our website pulls this image to show up on the 'artists' page where buyers can browse.
