

# Art Brokerage Listings

The Artwork Network website is the perfect place to list artwork that you would like to resell from your collection. We have a built-in network of art enthusiasts already visiting our site!

**Content Management:** We create a professionally presented listing of the piece(s) for sale - managing the preparation of images. You provide the content, we do all the work!

**Online Searching:** We input searchable data descriptions for each piece to enable viewers to search by artist, type, media, style, price, colors and more. This information is also read by search engines such as Google.

**Photographic Services:** Quality photography is key to selling artwork on the web. We photograph the piece from multiple views, including the frame, close-up details, and next to a piece of furniture to show scale. Three dimensional work will be captured at several angles. Special pricing is offered for this service.

**Access:** Your Artwork Network listing is working for you 24 hours a day and 7 days a week for one year. Our online gallery stays open for art enthusiast, collectors and designers around the clock! You may provide interested buyers with a link to your listing and utilize the link in any other marketing efforts.

**Lead Follow Up/Sales:** If a potential buyer emails you with interest in your listed artwork, you have the option to have us follow up on the lead and facilitate the sale for you. We are equipped to take credit cards, handle shipping and collect/report sales tax.

**You have Artwork. We'll be your Network.**

**Brokerage listings are only \$75 a year per piece.  
Discounts for multiple piece listings can be negotiated.**
